

Rohan Delilkhan

ASX

Rohan Delilkhan has responsibility for the ongoing development of ASX Clearing Corporation and ASX Settlement Corporation services in support of ASX quoted products, alternate market operators and OTC markets.

ASX Clearing Corporation and ASX Settlement Corporation currently provide risk management, settlement and safekeeping services for the Australian equity, interest rate, property, energy and commodity markets.

Rohan has over 20 years of experience in the financial services industry and worked in Hong Kong and London before moving to Australia.

His financial markets experience covers areas of economic analysis, cash and derivatives market trading and exchange business development.

Before joining the ASX Rohan held positions with Westpac and HSBC.
