## Statement on tax credit procedure for French dividends of Sanofi-Aventis

Dear Sir/Madam,

We intend to participate in the simplified procedure for the reduction of French investment income tax for dividends of Sanofi-Aventis (Quick Tax Refund procedure) in 2008.

Within the scope of this procedure, we are bundling, as stipulated by Clearstream Banking AG, all relevant tax data of shareholders who are participating in the Quick Tax Refund procedure and whose shares we keep in custody into one collective list which we will forward to Clearstream Banking AG electronically.

We will only include private persons eligible for a tax credit pursuant to the Franco-German double taxation treaty in the collective list.

We will confirm the completeness and accuracy of the details of the collective list.

Yours faithfully
