

# Your Gateway to Global Securities & Funds Infrastructure

Where Innovation Meets Trust

## About us

Clearstream, the post-trade backbone of Deutsche Börse Group, provides trusted and scalable market infrastructure.

We support clients in over 110 countries and more than 60 markets through our integrated **Securities** and **Fund Services** ecosystem.

Together, we offer a single, efficient gateway to European and international markets, combining high automation, asset safety, and operational excellence.
