CBL may require disclosure of the identities of any underlying clients having a continuing interest of 25% or more in the value of the assets deposited. In cases where there is such a predominant interest, the assets may be deposited on a separate, segregated client account.

7. Please refer to the Settlement services and Securities instruction chapters of the CBL Customer Handbook available from www.clearstream.com under Key Documents / ICSD / Customer Handbook.

Settlement

(Please tick one box only per option)

Matching BIC: CBL will include the BIC flagged as "matching BIC" in the settlement party details of external settlement instructions as follows:

- Receipt instructions :95P::BUYR//matching BIC
- Delivery instructions :95P::SELL//matching BIC

If the customer does not provide a "matching BIC" for the account, CBL will use the main BIC as the default "matching BIC". Customers who either do not wish the main BIC to be defaulted as "matching BIC", or would like to define a different BIC as "matching BIC" at a later stage are requested to send a SWIFT MT599 or free-format message via CreationOnline for the attention of PPI Connect. If the customer does not provide a "matching BIC", CBL will not be held responsible for any cross matching of settlement instructions that might occur during the external settlement process.

For TARGET2-Securities (T2S) markets, if the customer has populated these fields (BUYR/SELL) in their instruction to CBL, CBL will not overwrite this information with the "matching BIC".

For accounts linked to Vestima activity, that is, the customer is a Vestima Order Issuer (OI) placing orders in investment funds that settle in a T2S market through this account, the "matching BIC" is mandatory.

Unless otherwise explicitly communicated by the customer, for any additional account created, that is not a new "main account" type, CBL will default the same main BIC and "matching BIC" as the ones applied to the main account.

Note: The customer has to provide a "matching BIC" that is published in the SWIFT directory and which belongs to the customer, otherwise a Power of Attorney over the relevant BIC is requested in order to have it set as "matching BIC".

Partial settlement

- PART: Instructions eligible for partial settlement
- NPAR: Instructions not eligible for partial settlement (default option)

Note: Your preference will apply for all internal, Bridge and external settlement instructions.
