

# Signatory - Verfügungsberechtigte

To comply with the general due diligence requirements of the German Money Laundering Act (Geldwäschegesetz [GwG]), Clearstream Banking AG (CBF) is obliged to monitor its business relationships on an ongoing basis and to update relevant client data and documents at appropriate intervals.

As a credit institution, CBF is also required by law to collect and record certain tax classification features (steuerliche Ordnungsmerkmale) from its clients, separately for each account (Konto) for the account holder (Kontoinhaber), any other persons with power of disposal (andere Verfügungsberechtigte) and beneficial owners (wirtschaftlich Berechtigte) in compliance with section 154 (2a) no. 1 Fiscal Code of Germany (Abgabenordnung, [AO]).

As CBF's client (contracting party), you are legally obliged under section 11 (6) GwG to provide CBF with the information and documents necessary for identification. If any changes arise in the course of the business relationship, you have to notify CBF of these changes without delay. Furthermore, you are required to provide CBF with the relevant German tax classification features in accordance with section 154 (2a) AO.

Persons with power of disposal (Verfügungsberechtigte) in the meaning of section 154 AO are both the account holder, that is, CBF's client and his legal representatives as well as any other person authorized to dispose of the account (account power of attorney). CBF is legally obliged to identify at least five persons with power of disposal and collect their tax classifications where the exceptions provided by the German Federal Ministry of Finance (Bundesministerium der Finanzen - BMF) would not apply.

Please note that in a next step, all (natural) persons with power of disposal must identify and verify themselves through Videoident ["Videoidentifizierungsverfahren" in the meaning of section 13 (1) no. 2 GWG]. CBF will provide the link for Videoident to each relevant person in a separate email.

To comply with these legal requirements, please provide us with the following data:
